SUBJECT

A resolution supporting the Texas Department of Housing and Community Affairs tax-exempt bond and low income housing tax credit financing for the new construction of the Dallas West Villas multifamily development to be located at 9415 Bruton Road - Financing: No cost consideration to the City

Recommendation of Staff: Denial

BACKGROUND

The Texas Department of Housing and Community Affairs (TDHCA) has received an application for tax-exempt bonds and tax credit financing under the new TDHCA rules in the 2004 Qualified Allocation Plan and Rules (QAP). Under the 2004 QAP Rules, if the development is located in a municipality that has more than twice the state average of units per capita supported by Housing Tax Credits or Private Activity Bonds, the applicant must obtain prior approval of the development from the governing body of the municipality. TDHCA funding for projects in the city of Dallas must be approved by the City Council. The resolution must include a written statement of support from the governing body referencing the state rule and authorizing an allocation of housing tax credits for the development.

The TDHCA application is from Chicory Court Riverside II, L.P. (Applicant). The Dallas West Villas project is a 250-unit new construction project for families located at 9415 Bruton Road, Dallas, Texas. The property is zoned CR. The development is proposed as 250 multifamily housing units comprised of 50 one-bedroom units, 112 two-bedroom units, and 88 three-bedroom units. The proposed community will have common area amenities such as pool, playground fitness center, business center/computer lab and community room.

BACKGROUND (continued)

As a condition for being awarded the private activity bond allocation from the Texas Bond Review Board, the Applicant has committed to renting 125 of the units to tenants with household incomes capped at 50% or below the area median family income with rents affordable to tenants whose household incomes are 50% or below the area median family income; and 125 of the units to tenants with household incomes capped at 60% or below the area median family income with rents affordable to tenants whose household incomes are 60% or below the area median family income in compliance with the maximum Low Income Housing Tax Credit rents as published by the TDHCA.

Approval of this application will enable the Applicant to develop 250 units of affordable housing for families. This project has been preliminarily approved by TDHCA, but has not yet received a bond or tax credit allocation. City Council approval is necessary for the Applicant to qualify to receive the bond and tax credit allocation. The Applicant will be required to comply with the City's tenant support social services policy and pay an annual monitoring fee of \$500 to the City to assure compliance. The Housing Department did not recommend approval of this project without a City-approved development plan for the entire parcel.
